WHERE INNOVATION MEETS THE WATER

In a year where families reconnected in unprecedented times, one thing has stayed consistent; Premier's continued focus on innovation. We're always trying to innovate to further bring people together on the water. That innovation is especially evident in our 2021 model line-up.

From our patent-pending magnetic cup packages to our patent-pending Revolution revolving floorplans, this new model line-up is sure to impress. As technology continues to rapidly develop in the world, we always look to be the first to incorporate it into pontoons. This year we added wireless phone chargers to many of our models as a standard; with our larger boats getting up to 14 chargers. Strength and durability are always an important part of any boat. That is why we also doubled our rail panel thickness to really strengthen the rails for rough water applications.

With everything new and exciting, you will still find the staple features that make a Premier a step above the rest, such as our industry-leading PTX performance packages, large touch screen displays, and our pontoon exclusive soft and supple Ultrafabric material. We at Premier know how important each of the unique features is to you because when we aren't working on building the highest quality boats in the industry, we are out on the water enjoying them.

We can't wait for you to find your Premier!

Team Premier
Premier Marine, Inc.

EXECUTIVE SERIES

ENJOY OUR MOST LUXURIOUS ACCOMMODATIONS.

Meticulously crafted with luxury in mind, the Executive Series is the ultimate in our line of high-end watercraft. Exclusively available at Premier.

CRUISE SERIES

INTRODUCE YOUR FAMILY TO OUR FAMILY.

For families setting out to create memories, the Cruise Series pontoons have room for everyone to relax and connect.

ELITE CRUISE SERIES

GIVE YOUR FRIENDS AND FAMILY SPECIAL TREATMENT.

Enjoy your everyday excursions even more in the Elite Cruise Series pontoons that take comfort to the next level.

ADVENTURER/CROSSOVER SERIES

GO BEYOND BASIC TO ESSENTIAL.

Whether the day calls for fishing or just relaxing, the 2-point fishing layout of the Adventurer/Crossover Series easily adapts.

SPORT SERIES

ENGAGE IN A NEW SPORT.

When performance is the top priority, the Sport Series is the preferred choice of active boaters who play hard on the water.

ANGLER SERIES

LET'S GO FISHIN'.

The 4-point fishing layout of the Angler Series is purpose-built to put skilled anglers in their best position for success.

TWO TONED PANEL

LET YOUR TRUE COLORS SHOW.

Bringing to you more colors and ways to customize your Premier. Presenting 4 new colors that have a smooth texture and are made specifically for the top panel only.

Choose from any panel color to create your perfect combination.

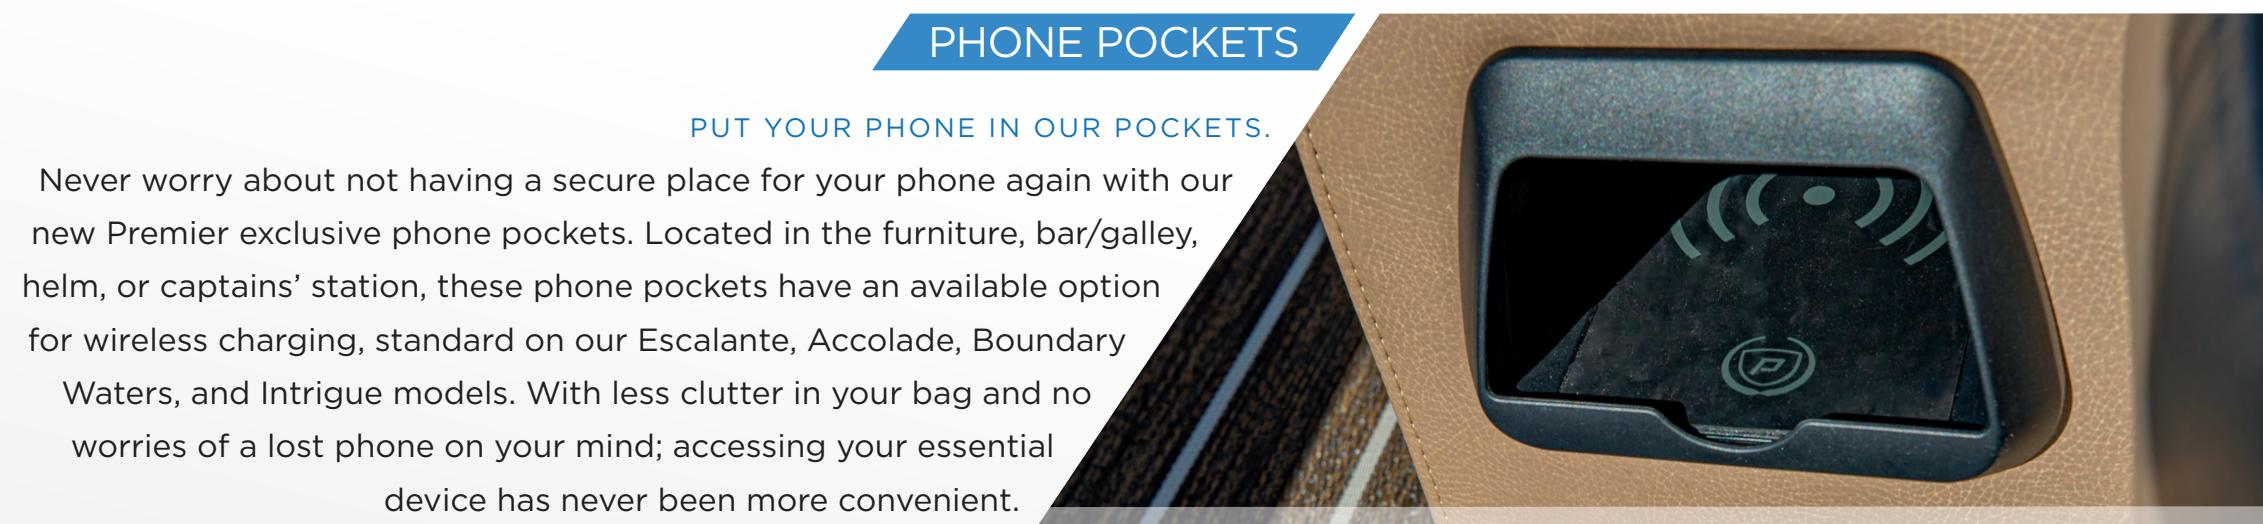

Now available as an option on all models except for the Sunspree and Horizon.

RICOCHET STAIRCASE

STEP IT UP.

5 years ago, the Ricochet self-retracting ladder was developed and became a staple on Premiers. With an increase of twin engine pontoons, we took the Ricochet ladder technology and incorporated it into our twin transom staircase resulting in the same great functionality; you never have to lift either of them. As you engage your motor forward, the pressure from the water will lift the Ricochet staircase for you.

PHONE POCKETS

PUT YOUR PHONE IN OUR POCKETS.

Never worry about not having a secure place for your phone again with our new Premier exclusive phone pockets. Located in the furniture, bar/galley, helm, or captains' station, these phone pockets have an available option for wireless charging, standard on our Escalante, Accolade, Boundary Waters, and Intrigue models. With less clutter in your bag and no worries of a lost phone on your mind; accessing your essential device has never been more convenient.

DOUBLE PANEL

DOUBLE THE STRENGTH.

Nothing is worse than an unpredictable large wake hitting the bow of your boat and causing damage to the fencing. Our new double panel rail takes away the worry of caving your front bow rails in. In addition to extra strength, the double panel railing also reduces rattling and noise for a quieter ride.

PTX HULL TECHNOLOGY

With flat planing surfaces and strategically positioned lifting strakes, our patented hull technology creates dramatic increases in top speed with maximum riding stability and comfort. Premier Marine PTX Hull Technology provides the maneuverability, responsiveness, turning radius, fuel efficiency, and absolute boating comfort that defines the Premier ride.

	PTX 25"	PTX 30"	PTX 36"	PTX 42" (10' Wide Only)
PLANING SURFACE	6"	6"	12"	12"
CENTER TUBE DIAMETER	25"	30"	36"	42"
OUTER TUBE DIAMETER	25"	25"	25"/27" (10' Wide)	27"
PTX TUBE THICKNESS	.125"	.125"	.125"	.125"
LIFTING STRAKES	Optional	Standard	Standard	Standard

WHAT FLOATS YOUR BOAT.

At the core of PTX technology is the basic relationship between volume and buoyancy. With approximately 23% on average greater hull volume than competitors, Premier Marine pontoons are more stable whether planing or not.

Premier PTX

25" PTX is 9.5% larger on average than our competitors' tubes.
30" PTX is 18.5% larger on average than our competitors' tubes.
36" PTX is 23.5% larger on average than our competitors' tubes.
42" PTX is 36.5% larger on average than our competitors' tubes.

15% less volume on average than PTX

18.5% less volume on average than PTX

GET UP TO SPEED FASTER.

Our sealed, extruded, and contoured lifting strakes on the inside of the outer tubes improves overall performance. Lifting strakes allow the boat to get up on plane faster and will increase top speed as much as 10%. Our strakes are also sealed to help prevent environmentally invasive species from stowing away on your boat, and reduces the spread for these invasive species to other water ways you may travel to next.

SUZUKI
MARINE

WE'VE MADE ROOM FOR EVERYTHING.

Our 7'-long storage area has 15.5 cubic feet of space to accommodate almost anything you need to bring on your boat, including skis, wakeboards, fishing rods, life jackets and boat covers.

FUELING YOUR FUN.

Premier's PTX features an EPA-compliant fuel tank located in the center tube, placed in front of the transom for better balance and stability.

GET MORE OUT OF YOUR HORSEPOWER.

Hydrodynamic, under-deck sheeting helps shed water away from the decking and increases performance.

— ESCALANTE

With the quality of attention to detail that you only find on a Premier, the Escalante delivers an unmatched experience that is a step above the rest. The Escalante features a 10'-wide floor plan, hard-sided changing room, and pub-style booth. The centerpiece of the Escalante is its walk-up Step Galley staircase. With a unique design, the stairs rise through the upper deck floor and lead to a waterslide.

NOTE: 42" PTX/Triple Engine & 12' wide options available upon request. Weight range depends on options and does NOT include motor, controls, batteries, fuel, water, or added gear. All weights are in LBS.

NEW 10-YEAR BOW TO STERN WARRANTY.

We offer a lifetime (limited) warranty on decks, rotocast furniture frames, bimini frames and brackets, tube welds, rails, and gates.

We also offer an exclusive 10-year warranty on furniture fabrics and a 10-year warranty on Seagrass luxury-woven vinyl flooring.

Available on all models except the Horizon and Sunspree which are backed with a 7-year bow to stern warranty.

THE BIGGEST MUSCLES IN THE INDUSTRY.

We've teamed up with the world's leading motor companies to offer you a wide selection of brands and horsepower levels. Customize what powers your experience to make it your own.
