CARLSON

From my family to yours ~

My family and I purchased Premier because we fell in love with the brand and saw an opportunity to take it from good to great. Our strategy was a simple one, and one that has always served us well — treat others how you would like to be treated; always strive for excellence; and build an amazing team to serve as your foundation. That's today's Premier, and why my personal promise to you is to build the world's best pontoon and give you the very best ownership experience possible.

FEEL THE WOW

THE INDUSTRY'S BEST RIDE

Premier's exclusive PTX tri-toon design has set the industry benchmark for pontoon ride and handling for more than 30 years, and our newest, second generation supercharged PTX is even better. Test after test, PTX delivers the best ride — a ride that's smoother, faster, sharper, and more efficient. But PTX is more than advanced hydrodynamic engineering, it's a difference you can feel with every turn, every wave, and every ride.

See the performance of PTX in action. Watch the video at pontoons.com.

BUILT FOR LIFE

OVERBUILT TO OVERDELIVER

Premier pontoons are built in the heart of Minnesota's lake country with a level of construction, premium materials, engineering, and quality to withstand the roughest waters, the harshest weather, and the punishment of time. Every weld, every fastener, and every component must meet our stringent standards, and then we back it up with the best warranty in the industry, giving you the confidence to enjoy year-after-year of trouble-free ownership.

TRUE 10-YEAR BOW-TO-STERN WARRANTY

We're confident we build the highest quality pontoons in the industry, which is why we give you the confidence of the industry's best warranty. A warranty that's fully transferable and where every claim is managed directly with your Premier dealer...no third parties, no hidden clauses. Now the best built pontoon in the industry has the best warranty in the industry.

- True 10-Year Bow-to-Stern Coverage against defects in material and workmanship.
- Fully transferable for the entire 10 years, adding even more value to your pontoon.
- From furniture, electronics, finished surfaces, audio, and more — everything's covered.
